

Moors for the Future Partnership

Chris Dean Partnership Manager

A Future for the partnership

A Future for the place

The Partnerships future role?

- The Moors for the Future Partners and the staff team
- Raising capacity
- Developing and Implementing Projects

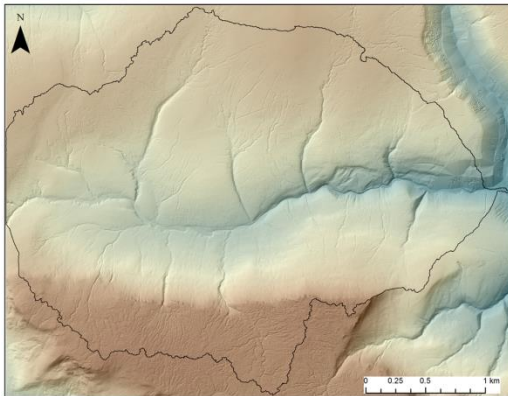

A future for the place – Developing Opportunities for the South Pennine Moorlands

- Delivering Water Framework Directive outcomes
- Delivering Flood Risk Management Outcomes
- Delivering favourable SSSI condition
- Delivering Outcomes for health and recreation
- Paying for Ecosystem Services

New Partnership vision and strategy

- Incorporating statements already made by partner organisations
- We like the format of Natural England's Upland Vision
- Plan to do this during the spring and summer

On the horizon

- MoorLIFE 2020? What if.....
 - Delivering evidence & maintaining the science momentum
 - Growing the Private Land Partnership
 - Extending the Community Science project
 - Developing the Clough Woodland Project
 - Developing catchment management with the water companies
-
