Dear Community Scientist,

Welcome to the 2nd edition of Community Scientist, the newsletter for Bristol’s Community Grown volunteers. Please join our website to read more and view our monthly newsletter.

Season of the Bumblebees

The 2019/20 season is almost upon us. If you’re growing bumblebees this year, we wish you good luck in your efforts! While bumblebees are flying in your garden, you can contribute to the conservation of this important pollinator by supporting the Bristol Bumblebees project.

Picture Perfect

With some of the world’s most beautiful gardens, the city of Bristol is known for its natural beauty. These vibrant images capture the essence of Bristol’s natural surroundings and inspire us to appreciate the beauty of our local environment.

2015 in Numbers

- 4,000 bumblebees released per year by Bristol Bumblebees
- 80 million flowers cultivated per year by the project
- 1,000 volunteers trained in pollinator conservation

First Swirl of the Year?

The first swirl of the year is not far away! It’s the time of the year when the first signs of spring arrive. Bristol is a bustling city with a rich history and cultural diversity. We look forward to welcoming the first signs of spring in the city.

Bilberry Bumblebees

Bilberry is a native species that is rich in both color and flavor. Bristol Bumblebees is working to conserve this species, which plays a vital role in pollination and the ecosystem. Join our mission to conserve this beautiful plant.

Sphagnum in the South Pennines

Sphagnum is a unique plant species found in the South Pennines. It’s not only beautiful but also plays a crucial role in supporting the ecosystem. Join our mission to conserve this beautiful plant.

Events

- New events are on the way! Check our website for updates.
- Bristol Bumblebees is hosting a special event this weekend. Don’t miss it!

Orange-tipped sightings

The orange-tipped butterfly is a beautiful species that can be found in Bristol’s gardens. Bristol Bumblebees is working to conserve this species, which plays a vital role in pollination. Join our mission to conserve this beautiful butterfly.

Follow Us

We’re on Twitter, Facebook, and Instagram. Join us today and get updates on our latest projects.

Volunteer with the project

There are lots of ways you can get involved – from volunteering to helping with research. Find out more about how you can contribute to our mission to conserve and enhance the environment in Bristol.

Thank you for your support!

Bristol Bumblebees

We’re here to make a difference, one garden at a time. Get involved today and help us create a brighter future for Bristol's ecosystem.
